

Introducing...

Everything DiSC Management

Learn about this exciting new tool for you and your organization's leaders and managers! You can facilitate this ready-to-use training program immediately AND customize it to your specific needs.

Everything DiSC Management combines an all-new DiSC profile with engaging activities and brand new video to create a personalized classroom training experience. In this session, you will:

- *Participate in several hands on DiSC activities that are currently used by consultants and coaches. to introduce the history, model and language of DiSC to teams and individual clients.*
- *Learn about the new Everything DiSC Profile and Facilitation materials.*
- *Preview the new Everything DiSC video to use with managers who will learn to recognize and understand their unique styles and those of the people they lead.*
- *Receive a packet of materials including activities and handouts that you can incorporate into your training, coaching and facilitation of DiSC and Everything DiSC Management.*
- *Discuss specific issues or concerns in your organization and how Everything DiSC Management or other DiSC products may bring value to you and your teams.*
